

CATÁLOGO WAR SCENIC/SCALE COLOURS

Versão 3.7 jul/2014

WAR SCENIC/Scale Colours é uma linha artesanal de tintas para plastimodelistas, ferreomodelistas, maquetistas e miniaturistas em geral. É composta à base de resina alquídica e pigmentos puros, com secagem rápida e alto rendimento e agora vem embalada em frascos com 25ml.

Tem baixa toxidade e é recomendada para quem precisa de um acabamento perfeito. A linha vem sendo desenvolvida há 12 anos, através de estudos meticulosos em fontes originais e é avaliada periodicamente para estar sempre na vanguarda das mais recentes pesquisas históricas. Cada cor é representada em sua textura, intensidade, brilho e matiz original, e é formulada para representar corretamente sua característica em escala.

Para facilitar a vida dos usuários, foi desenvolvida uma linha de produtos auxiliares, como o Primer Para Poliestireno, os Vernizes Fosco, Acetinado e Brilhante e os Diluentes Para Pintura. À medida em que se fizerem necessárias, novas tonalidades poderão ser incorporadas à nossa linha de cores.

Este catálogo foi desenvolvido para representar o espectro de cores o mais fielmente possível, porém devido às limitações gráficas, algumas cores podem apresentar-se ligeiramente diferentes nos monitores ou ao serem impressas.

Sempre que necessário, ao fazer uma encomenda, referir-se ao código da tinta, que vem sempre antes do nome da cor.

Para dicas de pintura e informações gerais basta entrar em contato conosco através do telefone (21)2580-5123 de Segunda a Sexta no horário comercial ou de nosso e-mail comercial@asgard-rio.com.br.
